

WOODHAVEN-BROWNSTOWN SCHOOL DISTRICT

Learning and Leading for Tomorrow

April 19, 2018

Dear Families and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for Gudith Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact the school's administration for assistance.

The AER is available for you to review electronically by visiting the following web site <https://goo.gl/6nkRA8>, or you may review a copy in the main office at your child's school upon request.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. *Our school has not been given one of these labels.*

Gudith Elementary has made positive shifts in developing a more effective learning environment and improving students' reading and mathematic achievement. To raise achievement and close the gaps, our research-based actions include: targeting the low performers through a MTSS model; aligning, managing and monitoring curriculum; effective leadership; building instructional capacity; engaging parents and community; understanding and holding high expectations for at-risk students.

State law requires that we also report additional information.

PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Woodhaven-Brownstown School District, Bylaws and Policies, #5120

The Board of Education directs that the assignment of students to schools within this District be consistent with the best interests of students and the best use of the resources of this District. The Board shall determine periodically the school attendance areas of the District and shall expect the students within each area to attend the school so designated. No assignment to schools or attendance schedules shall discriminate against students on the basis of gender, race, religion, disability, or national origin.

A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

The Woodhaven-Brownstown School District works diligently to provide educational access to all of its students to meet their diverse learning needs. The district provides early education experiences to our students as well as surrounding districts through our TOTE program. Teach Our Tots Early (TOTE) is an infant/toddler special education program for developmentally delayed children birth to three years of age. As part of Early On Wayne County, we service children who qualify for special education in their home setting. Gudith Elementary houses our cognitively impaired program for the district as well as the ECP classroom. Students residing in Woodhaven-Brownstown also are sent to consortium center-based programs based on their educational needs. In addition, our district participates in a career and technical consortium that allows our students at the high school to take courses in skilled trades classes that provide experiences for college and career readiness.

The Core Curriculum

The Woodhaven-Brownstown School District’s core curriculum is based upon the State of Michigan standards in all subjects. These standards serve as a framework for instruction and assessment in all of our classrooms. Curriculum recommendations are reviewed by district stakeholders through a comprehensive process including administration, teachers, district level staff, and the Board of Education. Teachers meet regularly in their professional learning communities to continually review and assess the curriculum and student learning. The standards for our core curriculum can be found on our district website.

Aggregate Student Achievement Results from Local Competency Tests

The Woodhaven-Brownstown School District assesses its students three times a year using STAR Reading and Math as a universal screener to determine student skill deficiencies and interventions. The assessment is a computer adaptive assessment aligned to Michigan content standards. This test assists teachers in determining proper learning progressions for students and for instructional grouping.
